In response to the Final Official Action dated April 24, 2006, please amend the Claims as set forth in Appendix A attached hereto.

**REMARKS**

Applicants have amended the claims to delete any reference to "conjugated dienes" (The basis for which was found in the specification on page 2, line 6), and has placed the claims in the form they possessed in the amendment filed June 13, 2005. New Claims incorporating the specific compounds for polymer, solvent and additive have been entered.

In the Official Action of April 24, 2006, the Examiner withdrew the rejections based on the prior art since they did not teach the conjugated dienes claimed.
